

# ASIAN ALPINE E-NEWS

Issue No.10 August 2017

The background of the entire page is a wide-angle aerial photograph of a vast mountain range, likely the Western Sichuan Plateau. The mountains are rugged and covered in patches of white snow and ice, particularly on the higher peaks. The sky above is a clear, pale blue.

Altitude of Ren Zhong Feng  
Chinese official height is 6079m from survey in 1979,  
but later corrected to 5731m in 2005.  
GPS on top showed 5820m and Google Earth shows 5800m.
